SECTION 20

FISHING ROD CARRIER

ONSHORE

\$629.95

SD871000
Black

- Rugged thermo-formed ABS construction protects reels from the elements and prying eyes
- Rods held securely in place by Griplock hardware - keeps reels separated, easier to load/unload and adjustable for multiple sizes and styles of rods and reels
- Soft rubber seal creates weather resistant protection while foamed-lined front closure hold rods securely in place
- Universal mounting hardware able to fit bars up to 90 mm wide
- Side opening symmetrical design can be mounted on both sides of vehicle
- Fits up to 7000 series spinning reels and most bait casting reels
- Can accommodate rods up to 3.66 m in length
- Included hardware allows for both leveling box and rod holder for perfect fit on different roof styles
- Small drain holes allow for water to escape box
- Box includes Thule One-Key lock for security

HARD SHELL HITCH CARGO BOX

ARCOS

The cargo box sits low to the ground, making it easy to load and unload cargo. At the same time, its low profile and wedge shape allow you to access the trunk of your car at any time. The durable hard-shell exterior protects your load from dirt and water. Designed for easy mounting, handling, and cleaning, Thule Arcos is a great companion for both everyday life and adventures.

SlideLock system with separate locking and opening functions that automatically locks the lid in place and shows when the box is closed securely.

JACK-IT BICYCLE CARRIER

Foam bumpers and the new Sway Control system enhances the rack's natural stability and protects the bicycle finish.

BikeWing holds up two bikes by the wheels, adding natural balance, stability and sway control.

BikeWing can be detached and used with an additional hitch receiver on the rear of the tow vehicle in case you want to leave the campsite with your bikes (hitch receiver not included).

PowerTower design protects your tongue jack from impact from foreign objects.

Jack-It fits most standard 3-bolt patterns over your tongue jack on the trailers A-Frame.

429756

The Jack-It's innovative frame design installs over the tongue jack on the trailers A-Frame, the softest riding area on the frame. The BikeWing carrier holds two bikes safely, securely and simply by the wheels. The adjustable wheel cradles and SwayStop straps secure the bike wheels to the bike carrier for a secure ride. The Jack-It allows travel trailer owners to utilize the valuable rear hitch/cargo space for additional gear and gives owners a new cargo utilization space.
